

The Dr Giraldi Home Inquiry  
Gibraltar

Chairman: The Rt. Hon. Sir Jonathan Parker

**PRESS RELEASE**

**UPDATE**

Since the conclusion of the final hearing of the Inquiry last December, the Chairman of the Inquiry, the Rt. Hon. Sir Jonathan Parker, has been drafting his Report into the issues raised by the Inquiry's Terms of Reference.

As the Chairman explained in the course of the final hearing of the Inquiry, anyone who provided evidence to the Inquiry, and who is the subject of adverse criticism in the draft Report, will be given an opportunity to respond to, or otherwise to comment on, such adverse criticism before the Report is finally signed off.

That stage has now been reached, and letters are being sent to relevant persons inviting responses and/or comments by no later than the end of October.

The Chairman will consider any such responses or comments before finalising the Report and presenting it to the Government as required by the Inquiry's Terms of Reference.
